

## Discover the ePad

ePad is ePadLink's entry-level, portable electronic signature capture device that produces legally-binding eSignatures and comes bundled with IntegriSign® Desktop.

Bundled with every ePad product is IntegriSign® Desktop eSignature software with plug-ins for Microsoft Word and Excel, as well as PDF signing with pDoc Signer® and Adobe Acrobat, so you can start eSigning out of the box.

For software developers, IntegriSign Desktop also provides a set of SDKs for capturing signatures in PC and web applications and for interacting directly with the various ePadLink signature pads.
